

Department of the Environment, Food and Rural Affairs Approved Equine Semen Collection Centre  
(UK/9025/EC)

## **SUMMARY OF DOCUMENTS REQUIRED FOR A STALLION ENTERING THE COLLECTION CENTRE**

**All the following documents / certificates must be produced before a stallion can be admitted to the Collection Centre:**

1. Documentary evidence issued by the **Veterinary Laboratories Agency** (Ministry Lab) to show that the stallion has been tested with negative results against Equine Viral Arteritis (EVA), Equine Infectious Anaemia (EIA) and Contagious Equine Metritis (CEM).
2. *Stallion Agreement Form* signed by the stallion's owner - form enclosed.
3. *Declaration of Health Status of the Stallion* signed by the stallion's regular veterinary surgeon - form enclosed.
4. *Stallion's Covering and Residence Record* signed by the stallion's owner/stud manager stating that the stallion has not covered a mare for 30 days before entry to the centre and that the samples required by paragraphs 1, 2 and 3 were taken at least 7 days after a mare was last covered - form enclosed.
5. Stallion's Passport including an up-to-date *Certificate of Vaccination* against influenza and tetanus.
