

First Insemination fixed fee of £408.34 + VAT

This fee includes:

- All routine drugs and gynaecological examinations to ensure insemination at the optimum time
- Endometrial swab and smear for cytology and culture
- Insemination
- Ovulation agent
- Post ovulation checks including lavages if necessary
- All ultrasound pregnancy examinations up to heartbeat/embryo detection

If the mare is not pregnant after her first insemination, then the process can be repeated at a reduced cost of **£378.34 + VAT**

If the mare requires a third insemination, then the fee is reduced to **£350 + VAT**

These fees **do not** include:

- Stallion collection/Stud fees
- The cost of call-out for any work performed at home
- Pre clinic entry health tests ie. EVA & clitoral swab
- The cost of sedation, if it is necessary
- Any antibiotics, including intra-uterine
- Caslick procedure or Caslick repair
- Twin reduction
- If your mare is diagnosed with Endometritis, an all inclusive package fee of £245.84 + VAT will be charged.

If the insemination is not completed due to ovulation failure, semen delivery failure, incorrect/absent health status paperwork - instead of starting a new package an insemination failure fee of £218.33 + VAT will be charged to cover work/drugs used.

The package fee must be paid in full before work commences and the fee plan is not transferrable to the following season.
